

## Going Paperless is Smart Business

Paperless is so much more than electronic charts. Ask us how we can clean up your front desk, and about starting your transition today.

## Automated Patient Contact is Smart Business

Think paperless is just a clinical expression? Think again! ACM, a new ClearDent feature, sends out appointment confirmations, recall reminders, and more on your terms using e-mail, phone, and text messages. Engage the patient and improve retention and production now.

## ClearDent is Smart Business

ClearDent introduced the concept of the true paperless dental practice ten years ago, and we are constantly reinventing it.

Join one of the hundreds of offices Canada-wide that have made the switch to smart software.

### Dr. Brian Wong of Twin Dental in Edmonton knows Smart Business

“ I regret that I didn't switch to ClearDent sooner. I wish I could have spent the conversion costs from my old program on a time machine. ”
